

VPS Hosting

Succeeding in the web hosting business requires flexibility. It also means being competitive. A VPS solution is for the webmaster or small business/ISP's who wants the control over their server environment without the need of the power of a fully dedicated solution.

Virtual Private Servers - VPS hosting gives you total root access and the power and security of a dedicated Web hosting solution.

Server Abuse

- Any attempt to undermine or cause harm to a server, or customer, of ISP in a BOX is strictly prohibited.
- Unauthorized use of other people's accounts or computers ISP in a BOX will strongly react to any use or attempted use of an Internet account or computer without the owner's authorization. Such attempts include "Internet scamming" (tricking other people into releasing their passwords), password robbery, security hole scanning etc.
- Any unauthorized use of accounts or computers by a ISP in a BOX customer, whether or not the attacked account or computer belongs to ISP in a BOX, will result in action against the attacker. Possible actions include warnings, account suspension or cancellation, and civil or criminal legal action, depending on the seriousness of the attack.
- Customers may not run IRC, bots or clients on shared servers. Unacceptable uses also include, but are NOT limited to: Bulk emailing, unsolicited emailing, newsgroup spamming, pornographic content, illegal content, copyright infringement, trademark infringement, warez, cracks, software serial numbers, and/or anything else determined by ISP in a BOX to be unacceptable use of ISP in a BOX's services including abuse of server resources.
- All hosting accounts may be terminated that include the following content or which have links to the following content:
 - Providing material that is grossly offensive to the Web community including blatant expressions of bigotry, racism or hatred.
 - Promoting or providing instructional information about illegal activities, or promoting physical harm or injury against any group or individual.
 - Displaying material that exploits children less than 18 years of age.
 - Acts of copyright infringement including offering pirated computer programs or links to such programs, information used to circumvent manufacturer-installed copy-protect devices, including serial or registration numbers for software programs, or any type of cracker utilities

Unsolicited Email (Spam)

- Unsolicited commercial advertisements (spam) are not allowed in e-mail, and will likely result in account cancellation.
- ISP in a BOX takes a zero-tolerance approach to spam originating from our servers or for spam advertising of domains hosted on our servers.
- The following activities are not allowed:
 - Unsolicited bulk or commercial messages ("spam"). This includes, but is not limited to, bulk mailing of commercial advertising, informational announcements, charity requests, petitions for signatures, and political or religious tracts. Such messages may only be sent to those who have explicitly requested it from your domain.
 - Forging, altering or removing electronic mail headers is prohibited. Any domain sending stealth spam will be terminated without warning and without refund. Spamming Newsgroups: Commercial advertisements are unwelcome in most Usenet discussion groups and on most e-mail mailing lists. Inappropriate posting may result in account cancellation. "Spamming," or sending a message to many different off-topic newsgroups, is particularly unethical and will be treated as such.
 - Mail may not be used to harass or intimidate others. Harassment, whether through language, frequency of messages, or size of messages, is prohibited. Sending a single unwelcome message may be considered harassment.
 - If a recipient asks to stop receiving e-mail, you must not send that person any further messages.
 - Providing spam ware (software used to send bulk email or software used to harvest email addresses) or links to sites providing spam ware is strictly prohibited and subject to demand for removal or account cancellation.
 - NOTE: If you use the services of another provider (including but not limited to the use of address lists obtained from a third party vendor or provider) to promote a web site hosted by or through ISP in a BOX (spam advertising), then the provisions of the above Policy shall apply as if the spam were sent through our servers.
 - PENALTY: Depending on the severity of your SPAMMING, ISP in a BOX reserves the right to charge you between R10.00 R100.00 PER SPAM sent through our network. Your web site content will also be confiscated and it will be NEVER returned to you.

GI Scripts

- Each shared Linux web hosting account comes with its own cgi-bin, in which you are free to use any* CGI scripts you wish.

Server Resource Abuse

- Shared server accounts are limited in use of the amount of server resources. Shared server resource abuse includes any process or service usage that affects normal shared server operation, resources or connectivity, and which causes a server to become overloaded. Shared server resources include CPU and memory usage, number of concurrent processes, number of concurrent port or database connections and total bandwidth. ISP in a BOX will be the sole arbiter as to what constitutes a violation of this provision. Possible causes of server resource abuse include, but are not limited to, the use of: CGI, Perl, Exim, Mysql, PHP, HTTP, SMTP, POP3 and FTP. Shared server accounts are NOT allowed to send more than 2000 emails per day. If server resource abuse is detected, possible actions include, but are not limited to: disabling of the offending script or scripts, disabling of the specific service, disabling of the entire account or account cancellation. If server overload is a result of server resource abuse, these actions will be taken without prior notice or warning.

Background Running Programs

- We may allow programs to run continually in the background. These are considered on a one-to-one basis and an extra charge may be incurred based on system resources used and operational maintenance needed.

IRC

- We currently do not allow IRC clients or IRC bots to be operated on any of our servers. In addition, IRC servers are not permitted on our network. Anyone found to be in violation of this policy risks immediate account termination.

Excessive Use/Overages

- You will be allowed to exceed the bandwidth threshold and will be invoiced as per the pricing matrix as above, you will not be allowed to exceed storage and E-mail usage limits outlined by your particular VPS hosting package. If you use any bandwidth or storage space in excess

of the agreed upon number of megabytes per month or if you exceed E-Mail storage and attachment size limitations, ISP in a BOX will invoice accordingly. If ISP in a BOX elects to take any corrective action, ISP in a BOX will not refund any unused pre-paid fees. Your use of your account and access to it is your responsibility. You are responsible for any unauthorized access to your account resulting in bandwidth, storage and/or E-mail usage exceeding the limits outlined in your particular VPS hosting package specifications and resultant charges. Bandwidth overages are currently billed at price matrix above. Should you exceed your disk space you will have to upgrade to the next package as above.

Payment Policies

- All accounts are set up on a pre-pay basis.

VPS in a BOX Packages include a 30-day money back guarantee.

- If you are dissatisfied with your service for any reason, you will receive a full refund (minus traffic usage and or your monthly license free of Direct Admin) if you cancel your account within 30 days of the activation of your account.
- **The 30 day money back guarantee does NOT apply to Domain Name Registration or Web Site Design Services.** No refund is available after the 30th day.

Fraud

- If you suspect fraudulent activity or transactions on your VPS in a BOX account? If so, please contact VPS in a BOX billing department immediately at (011) 665 1097. Our technical specialist will promptly investigate and remedy your claim.

Cancellations

- If you would like to cancel your account for any reason, then please contact VPS in a BOX billing department at (011) 665 1097 or email us at: accounts@inx.co.za The 30 day money back guarantee does not apply to Domain Name Registration or other services. Domain Name Registration is NOT refundable. Once you purchase your Domain Name, you are its owner and it cannot be "returned" until the duration of the domain term has expired.
- If there are a setup fees charged, they are non-refundable. All pricing is guaranteed for the term of pre-payment. ISP in a BOX reserves the right to change prices at any time, unless other terms have been agreed upon. Any account not brought current within a week (7 days) of e-mail notice or exceeding this time frame in any way is subject to suspension.
- The customer is responsible for all money owed on the account from the time it was established to the time that the customer notifies accounts@inx.co.za to request for termination of services.
- ISP in a BOX reserves the right to cancel service at any time. All fees paid in advance of cancellation will be pro-rated and paid by ISP in a BOX if ISP in a BOX institutes its right of cancellation. Any violation of policies which results in extra costs will be billed to the customer (i.e. transfer, space etc.)
- Cancellations via email requests will not constitute acceptance of any cancellation. Cancellations must be faxed on a company letter head to 086 6000 777.
- Refunds will be made by company check or issued back to your credit card within 30 days of receipt of cancellation.
- No refunds will be given for any promotional offer. This includes any promotion with or without coupon purchase.
- Any unreasonable chargeback will be deemed as breach of contract and this will attract a minimum of R100-00 admin fee for settlement of the chargeback.
- You must contact us for any dispute in cancellation or payment issue instead of doing a unilateral chargeback request from your bank.
- A 30 Day written notice to be faxed to our office, please specify last day of services.

Liability and Obligations on Cancellation

- If the Agreement expires or is cancelled for any reason, ISP in a BOX is not liable to you because of the expiration or cancellation for compensation, reimbursement or damages on account of the loss of prospective profits, anticipated sales, goodwill or on account of expenditures, investments, leases or commitments in connection with your business, or for any other reason whatsoever flowing from the termination or expiration.
- If you terminate this Agreement, ISP in a BOX will not relieve you of any obligations to pay fees and costs accrued before the termination date or any other amounts you owe to ISP in a BOX under this Agreement.

Material and Product Requirements

- You must ensure that all material and data placed on ISP in a BOX equipment is in a condition that is "server-ready," which is in a form requiring no additional manipulation by ISP in a BOX.
- ISP in a BOX will make no effort to validate any of this information for content, correctness or usability. If your material is not "server-ready", ISP in a BOX may reject this material. ISP in a BOX will notify you of its refusal of the material and afford you the opportunity to modify the material to satisfy ISP in a BOX's requirements. Use of the Services requires a certain level of knowledge in the use of Internet languages, protocols and software.
- This level of knowledge varies depending on the anticipated use and desired content of your Web site. You must have the necessary knowledge to create and maintain a Web site. ISP in a BOX does not provide this knowledge or customer support outside of the Services.

Intellectual Property Rights

- Material accessible to you through ISP in a BOX services may be subject to protection under the South Africa or other copyright laws, or laws protecting trademarks, trade secrets or proprietary information. Except when expressly permitted by the owner of such rights, you must not use ISP in a BOX or its servers and network in a manner that would infringe, violate, dilute or misappropriate any such rights, with respect to any material, which you access or receive through the ISP in a BOX network.
- If you use a domain name in connection with ISP in a BOX or similar service, you must not use that domain name in violation of any trademark, service mark, or similar rights of any third party.

Network Security

- Customers may not use the ISP in a BOX network with an attempt to circumvent user authentication or security of any host, network, or account.
 - This includes, but is not limited to, accessing data not intended for the customer, logging into a server or account the customer is not expressly authorized to access, password cracking, probing the security of other networks in search of weakness, or violation of any other organization's security policy. Customers may not attempt to interfere or deny service to any user, host, or network.
 - This includes, but is not limited to, flooding, mail bombing, or other deliberate attempts to overload or crash a host or network. ISP in a BOX will cooperate fully with investigations of violations of systems or network security at other
